**A Dandy Thing to Sell.**  
I have been doing so well this summer selling combination dippers that I think it my duty to tell others about it. I have not made as much money as some I read about, but I never make less than \$3 and often \$5 a day. The dipper can be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan and a pint measure. These eight different uses makes the dipper such a necessary article that it sells at nearly every house. It is so cheap. You can get a sample by sending me 1¢ in two cent stamps to pay postage, etc., to W. H. Baird & Co., Station A, Pittsburg, Pa., and they will mail you a dipper and you can go right to work. Anyone can make \$3 or \$4 a day any where.

**Mill Prices for Feed.**  
Bran, bulk ..... 40c per cwt \$7.00 ton  
Shorts bulk ..... 50c per cwt \$9.00 ton  
Screenings ..... 35c " \$6.00 "  
Chop Feed ..... 70c " \$13.00 "  
Corn ..... 50c "  
Oats ..... 65c "

**How the Dipper Saved the Farm.**  
Father was sick and the mortgage on the farm was coming due. I saw in the Christian Advocate where Miss A. M. Fritz of Station A, St. Louis, Mo., would send a sample combination dipper for 13 two cent stamps and I ordered one. I saw that the dipper could be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan and a pint measure. These eight different uses makes the dipper such a necessary article that I went to work with it and it sold at very near every house, and in four months I paid off the mortgage. I think I can clear as much as \$200 per month. If you need work you can do well by giving this a trial. Miss A. M. Fritz, Station A, St. Louis, Mo., will send you a sample for 13 two cent stamps. Write at once.

**A Chance to Make Money.**  
I have made \$1,500 clear money in 87 days and attended to my household duties besides, and I think this is doing splendid for a woman inexperienced in business. Anyone can sell what everyone wants to buy, and every family wants a Dish Washer. I don't canvass at all; people come or send for the Washer, and every washer that goes out sells two or three more, as they do the work to perfection. You can wash and dry the dishes in two minutes. I am going to devote my whole time to the business now and I am sure I can make \$2000 a year. My sister and brother have started in the business and are doing splendid. You can get complete instructions and hundreds of testimonials by addressing the Dish Washer Co., Station A, Pittsburg, Pa., and if you don't make love of money, let your own talk.

The prospects for a beet sugar factory in Valentine are very bright, at present. All legitimate inducements should be offered and efforts made to secure a factory here.

School report district No. 56. No. of scholars on roll 22. Those present, perfect for the month ending Nov. 6th Willie Dunn. VIVIAN LAWRIE. Teacher.

The plate glass for the front of Jackson & Brayton's new store arrived from the Western Paint & Glass Co., Lincoln, yesterday, and will soon be put in position. Two of the window glasses are 82 x 93 inches each, two 38 x 82 and one 54 x 60. This will make a handsome front for the building.

On next Monday Judge Westover will convene the Sioux county term of district court, at Harrison. The following Monday he will begin court in Box Butte county. The first Monday in December he holds a special term in Dawes county, and this will finish court work for this year. There are two counties in this district which had their court dockets entirely cleared. That is, every case was disposed of. Those counties were Rock and Keya Paha. This we believe is the first time this thing has occurred in the history of this judicial district. Certainly Sheridan county's docket has never been without a case since the first one was filed nearly a dozen years ago. We believe that district judges are often too lenient with litigants and their attorneys. —Rushville Standard.

Blanche Stotts has been promoted from the Second Primary to the Intermediate Department.

Beet Sugar bounty and Court House bonds was no go—we have taxes enough.

Three cheers for our Harry Thurston and three times three for Holcomb and Nebraska.

And now, your correspondent proposes to drop politics from now on in his scribbling for THE DEMOCRAT.

The Hon. Frank Roathleutner has opened up a fine stock of merchandise and is flourishing like a green bay horse.

V. Peterson will move a dwelling house into Georgia this week, for the use of himself and family. Vic is a good fellow and deserves a good home.

And now let us enter into our closet and after shutting the door, pray fervently, that bill McKinley may regard the welfare of America and her institutions and not burn his incense under the nose of royalty.

"Tis done, the great transactions done," and now we are to have four years of McKinley, McKinleyism, bonds, boodle, British dictation and, last of all, bloody revolution—may God care for the country, if the politicians and supreme court don't.

We heard several farmers say on election day, that they were going to try 1/2 to 1/3 acre of beets the coming season, if the freight was not so high as to take all the profit, and they could swap for sugar at the factory.

U AND I.

From D. H. Thurston.

I take this mode of extending my thanks to the many untiring workers who labored in my behalf for the office of county attorney.

I would like to divide the fight wholly on the issues dividing the parties and nothing of a personal nature escaped my lips in regard to my opponent, Judge Walcott, who, I am satisfied made also a clean fight. Judge Walcott won the contest of ballots and will be the county attorney of the whole people. Again thanking my friends for their support and urging them onward in the struggle of the masses vs the classes I am

Yours Respectfully

There will be fire works and oratory galore, to say nothing of the big dance with which the hullabaloo will wind up. Everybody is welcome to see the editor of this paper pay his election bet.

What a Woman Can Do.

Last week I cleared, after paying all expenses, \$35.85 the month previous 250 and have at the same time attended to other duties. I believe any energetic person can do equally as well, as I have had very little experience. The Dish Washer is just lovely and every family wants one, which makes selling very easy. I do not canvass. People hear about the Dish Washer and come or send for one. It is strange that a good, cheap Dish Washer has never before been put on the market. The Mound City Dish Washer fills this bill. With it you can wash and dry the dishes for a family of ten in two minutes without wetting your hands. As soon as people see the washer work they want one. You can make more money and make it quicker than with any household article on the market. I feel convinced that any lady or gentleman can make from \$10 to \$15 per day around home. You can get full particulars by addressing The Mound City Dish Washer Co., St. Louis, Mo. They help you get started, then you make money and live.
